

Acme Financial Services

Quarterly Investment Report

February 20, 2026

Dear Valued Client,

We are pleased to present your quarterly investment summary. Your portfolio has shown consistent growth over the reporting period, with all benchmarks performing within expected ranges.

The equity allocation remains at 60% as per your risk profile, with the remaining 40% distributed across fixed income and alternative investments.

Please review the attached performance tables for detailed breakdowns by asset class and geographic region.

If you have any questions regarding this report, please contact your dedicated financial advisor.

Best regards,
Acme Financial Services
